2. **PART II: STUDENT** - Students will submit this application form, in order to describe in greater detail their interest in the course, and their commitment to its requirements.

Schedule

- The course will meet **6 times on Thursday evenings, from 5:10 - 7:00pm ET.** It will generally meet every other week (skipping holiday weeks), and it **will not begin meeting until a few weeks into** the semester (Sept. 19, 2024 and Jan. 30, 2025 respectively), allowing students extra time to finalize and get settled in their internships at the beginning of the semester. There is a final presentation, but no exam.

  → **Class Dates for Fall 2024:** Sept 19, Oct 3, Oct 17, Nov 7, Nov 21, Dec 5

  → **Class Dates for Spring 2025:** Jan 30, Feb 13, Feb 27, Mar 20, Apr 3, Apr 24

- The course will count for **3 credits** and will **require that students attend their internships for at least a total of 180 hours** throughout the semester (roughly 15 hrs/wk for at least 12 weeks). **NOTE:** This will be verified with internship supervisors at the beginning & end of the semester. Doing the internship for less than 180 hours total will result in a reduction of points from your total grade.

Differences from IAFF 3195 (the traditional Internship-for-Credit model)

This version of the course is different from the traditional ESIA Internship course in the following ways:

- Students do not need to seek out a faculty advisor to enroll in the course; it is taught by a dedicated instructor. **The course currently only fulfills elective credit.** Students will not be able to take the IAFF 3196 Internship Professional Development Seminar more than once. However, they can still enroll in the IAFF 3195 Internship-for-Credit course for up to 3 credits in addition to enrolling in IAFF 3196.

- The course does **not** require a 10, 20, or 30-page research paper based on the number of credits students hope to earn. Instead, assignments focus on integrating course concepts with the students’ internship experience. All assignments are graded and students receive a final letter grade for the course.

- Students in IAFF 3196 are required to submit information on their internship, what their responsibilities will be, the professional skills they hope to strengthen, their learning objectives, etc. Internship supervisors and the faculty member for the course will both need to review this information and approve it early in the semester. Supervisors’ final evaluation of a student’s performance, based on goals established at the beginning of the semester, will count for a portion (20%) of the student’s final grade.

Students selecting the traditional option will receive a detailed syllabus outlining the necessary requirements.

2. Meet 1:1 at the end of the semester, to review with your intern how well they did in achieving these goals.
3. Submit a final score (0-100) of the student’s attendance, attitude and performance during their internship, which will be calculated as 20% of the student’s final course grade.
